Summary

At the request of the Department of State (Department), Office of Inspector General (OIG), Regis & Associates, PC, Certified Public Accountants, performed certain agreed-upon procedures to determine whether the International Research & Exchanges Board's (IREX) proposed indirect cost rates for the years ended December 31, 2006, 2005, 2004, 2003, 2002, and 2001, complied with applicable regulations. We found IREX's accounting system to be adequate for accumulating and reporting indirect costs allowable under the provisions of Office of Management and Budget (OMB) Circular A-122, *Cost Principles for Non-Profit Organizations*, and OMB Circular A-110, *Uniform Administrative Requirements for Grants and Agreements With Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations*.

Our review disclosed that for the years ended December 31, 2006, 2005, and 2004, the indirect costs rates proposed by IREX were properly calculated, and we take no exception to the proposed rates as presented in Table 1 of this report. We did not make any determination on the indirect cost rates proposed by IREX for the years ended December 31, 2003, 2002, and 2001, because IREX was unable to provide detailed invoices to support all the charges for indirect costs claimed in those years. However, the indirect cost rates proposed by IREX in those years are consistent with those of subsequent years. We recommend that the Department accept and finalize the indirect cost rates for the years ended December 31, 2006, 2005, and 2004, as proposed by IREX.

Background

IREX was established in 1968 by a group of private academic organizations and foundations as the first American organization to conduct education programs with the Soviet Union and Eastern Europe. At present, IREX has an annual portfolio of \$50 million and a staff of over 400 professionals worldwide. IREX receives the majority of its funding through the Department and the U.S. Agency for International Development. IREX operates programs promoting education, independent media, and civil society development through partnership, consultation, training, and academic and professional exchanges. In addition to programs in the former Soviet Union territories and Eastern European countries, overseas programs have been expanded to include countries in Eurasia, Middle East, Africa, and Asia.

OMB Circular A-122 provides for the allocation of indirect costs to grants awarded by federal agencies. Indirect costs are defined as costs that have been incurred for common or joint objectives and cannot be readily identified with a particular final cost objective. The circular authorizes provisional indirect cost rates, applicable to specific periods, which are used for funding interim reimbursement, and reporting indirect costs on grants, pending the establishment of final rates.

The Department's Grants Policy Directive 22, issued by the Bureau of Administration, Office of the Procurement Executive, assigns responsibility for negotiating indirect cost rates with the Department's grantees to Bureau of Administration, Office of Logistics Management, Office of Acquisitions Management, International Programs Division.

Purpose, Scope, and Methodology

Our primary purpose was to determine whether IREX's indirect cost rate structure for FYs 2001 through 2006 complied with applicable regulations. In agreement with OIG, we performed the procedures identified below. We conducted this review between January 15 and March 16, 2007.

We performed this agreed-upon procedures engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and guidance from OMB. The procedures performed are summarized as follows:

- Interviewed the finance personnel to determine the extent to which each funded program benefited from common services.
- Reviewed IREX's overall financial statements for the years ended December 31, 2001 through 2006.
- Verified the mathematical accuracy of the annual indirect cost rate proposals.
- Traced and compared the amounts reported as grant costs to the financial statements and, selectively, to transaction source documents.
- Selected a sample of transactions and applied procedures to ensure that the costs incurred were properly supported and allowable. Also, sample items were subjected to tests to determine whether they were properly classified as direct or indirect costs and whether IREX, where applicable, properly excluded unallowable costs from the cost pools used in computing the indirect rates.
- Reviewed IREX's grants and its Negotiated Indirect Cost Rate Agreements to ascertain whether IREX's annual rate submissions were prepared in accordance with the grants' terms and the provisions of the rate agreements.

Results

We found IREX's accounting system to be adequate for accumulating and reporting indirect costs allowable under the provisions of OMB Circular A-122. Our review disclosed that for the years ended December 31, 2006, 2005, and 2004, the indirect costs rates proposed by IREX were properly calculated. We did not make any determination on the indirect costs rates proposed by IREX for the years ended December 31, 2003, 2002, and 2001, because IREX was unable to provide detailed invoices to support all the charges for indirect costs claimed in those years. However, the indirect cost rates proposed by IREX in those years are consistent with those of subsequent years. Details on the rates reviewed are presented in Table 1.

Arlington, VA 22209

Regis & Associates, PC has applied certain agreed-upon procedures (the Procedures), as summarized in the Purpose, Scope, and Methodology section of this report, relative to the International Research & Exchanges Board's (IREX's) proposed indirect cost rates for the fiscal years ended December 31, 2006, 2005, 2004, 2003, 2002, and 2001 at the request of the U.S. Department of State, Office of Inspector General.

The Procedures, which were agreed to by the Office of Inspector General, were performed to determine whether the indirect cost rate structure of IREX complied with OMB Circular A-122.

This agreed-upon procedures engagement was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants and guidance from the Office of Management and Budget. The sufficiency of the Procedures is solely the responsibility of the specified users of the report. Consequently, we make no representations regarding the sufficiency of the Procedures, either for the purpose for which this report has been requested, or for any other purpose.

We were not engaged to, and did not perform an audit, the objective of which would be the expression of an opinion on the adequacy and compliance of the reviewed cost or pricing data. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the U.S. Department of State, Office of Inspector General, and should not be used by those who have not agreed to the procedures, and taken responsibility for the sufficiency of the procedures for their purposes. This report relates only to the indirect cost rates specified above.

**Independent Accountants' Report on the
Application of Agreed-Upon Procedures on Indirect Cost Rates
Proposed by
International Research & Exchanges Board**

The Department of State, Office of Inspector General contracted with Regis & Associates, PC, Certified Public Accountants, to perform agreed-upon procedures to determine whether the International Research & Exchanges Board's (IREX) proposed indirect cost rates for the years ended December 31, 2006, 2005, 2004, 2003, 2002, and 2001, complied with applicable regulations. The independent accountants found IREX's accounting system to be adequate for accumulating and reporting indirect costs under the provisions of Office of Management and Budget Circulars A-122, *Cost Principles for Non-Profit Organizations*, and A-110, *Uniform Administrative Requirements for Grants and Agreements With Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations*.

The independent accountants' review disclosed that for the years ended December 31, 2006, 2005, and 2004, the indirect cost rates proposed by IREX were properly calculated. The independent accountants did not make any determination on the indirect cost rates proposed by IREX for the years ended December 31, 2003, 2002, and 2001, because IREX was unable to provide detailed invoices to support all the charges for indirect costs claimed in those years. However, the report notes that the indirect cost rates proposed by IREX in those years are consistent with those reviewed for the three subsequent years. The independent accountants recommended that the Department accept and finalize the indirect cost rates proposed by IREX for the years ended December 31, 2006, 2005, and 2004.

The work for OIG Report AUD/CG-07-31 was conducted by Regis & Associates, PC. This is an unclassified summary of a full report, which may receive limited official distribution.

Office of Inspector General

The Office of Inspector General conducts independent audits, inspections, and investigations to promote effective management, accountability, and positive change in the Department of State, the Broadcasting Board of Governors, and the foreign affairs community.
